

OUR BEHAVIOUR POLICY

OUR SESSIONS

All sessions are open to children of all abilities. It does not matter how much experience you have of playing sport or dancing every child is welcomed across our sessions. We do however have a behaviour policy which is outlined below to ensure the health and safety of our coaches as well as every child taking part in our sessions.

Behaviour Policy

We have a 3 strike system across our sessions. If during our sessions there is a “serious” behaviour issue then the parent/carer will be contacted and a 1 week ban (Suspension number 1) from our clubs (or 1 day ban across our school holiday sessions). After this the child will be welcomed back to continue their sessions with us. A 2nd ban (suspension number 2) will happen for 1 week across our clubs (or 1 day across our school holiday sessions) if another serious behaviour issue occurs. If after this process a 3rd serious behaviour issue occurs then a complete ban across our sessions will be implemented (Exclusion). This will always be as a last resort as the main aim of our sessions is to be fun and safe for everyone taking part. However we have a responsibility to ensure the safety & welfare of our coaches and other children taking part in our sessions is of the highest priority.

What does “Serious” mean?

The following are examples of what we class as serious behaviour issues during our sessions:

- Racism towards our coaches or other children during the sessions
- Violence towards our coaches or other children during the sessions
- Any behaviour that involves putting their own, our coaches or other children’s health and safety at risk
- Foul and/or abusive language
- Bullying
